INVENTORY MENU

Stock Maintenance

Receipts

Resolved the issue regarding failure to prevent receipt of a roll/lot item with a blank roll/lot.

Inventory Transfer

Resolved the issue regarding the U/M pull-down being blank when an item is selected using the item/inventory search.

Inventory Tags

Resolved the issue regarding a Server Error when attempting to print style "C" inventory tags for vinyl roll items.

PURCHASING MENU

Entry / Maintenance

Resolved the issue regarding failure to add a line to return material (negative quantity) on the original purchase order that was shipped and received at a Warehouse that is not the PO Warehouse or the Receiving Warehouse.

SALES MENU

Entry / Maintenance

Print Invoice

Resolved the issue regarding failure to list "multiples" for the roll/lot number on an invoice detail line allocated to multiple roll/lots.

Sales Orders Inquiry

Cancel All Expired Orders

This option is now available to cancel expired Quotes, Hold Orders and Sample Orders. A pop-up message is displayed if expired orders are canceled and a prompt is displayed if "There are no expired orders to cancel"

Note: It is strongly recommended the “**S/O Cancel Order**” Company Password (Classic Admin Menu) be populated so each cancel option requires entry of a matching password to proceed.

SALES ANALYSIS MENU

Item and Product Class Profitability Report

By Item

Resolved the issue regarding the “By Item” Report Type listing the Quantity and U/M in the Invoice Detail Order U/M instead of the Item Master Selling U/M.

END
